This gem of a undetached house is located just outside the old center of Vence with a beautiful view. Recently renovated with great taste. The original details merge perfectly with the modern living pleasure. It is almost impossible to give a clear description. It's all about atmosphere. Originally built around 1900, it has a terraced garden of approximately 550 m², so you can enjoy the freedom and views in many places. The furnishings fit perfectly with the house and can be (partially) taken over.
