On three levels, you have a living room and an independent kitchen that can easily be combined (non-bearing wall) to create a living space of almost 43m². There is one bedroom with a shower room.

On the two lower levels, there you will find two additional bedrooms and a shower room. Two cellars of approximately 13m² and 9m² are also included.

The 7m² entrance is spacious. If you renovate the apartment with a triplex design in mind, it can be used for storage. If you wish to divide it into two two-bedroom apartments (T2), the entrance will connect both of the units.
